

# DHRUV SHERE

Full-stack MERN developer experienced in building real-world web applications using React, Node.js, MongoDB, and REST APIs. Strong problem-solving skills with experience leading development teams. Seeking internship to contribute technical skills to production-level software.

## Projects

### Agrosence | December 2024 – June 2025

- Farmer-centric marketplace platform reducing dependency on middlemen through direct buyer connections. Features AI chatbot, government scheme portal, and real-time order tracking with store verification system.

**Tech Stack:** MERN Stack, Bootstrap, Cloudinary, JWT Authentication

**Live Demo:** <https://agrosence.vercel.app/>

**GitHub:** <https://github.com/AgroSence/AgroSence>

### PashuMitra | July 2025 – November 2025

- Smart veterinary healthcare platform connecting farmers with veterinary doctors and medical stores. Enables medicine ordering, video consultations, and access to livestock awareness information.

**Tech Stack:** MERN Stack, Tailwind CSS, Cloudinary, Socket.io, JWT Authentication

**GitHub:** <https://github.com/ProjectSGH/PashuMitra>

### ConnectVista | November 2025 – Present

- Modern service-connection platform bridging service seekers with verified providers using smart matching algorithms. Features real-time communication and clean, user-centric interface design.

**Tech Stack:** MERN Stack, Tailwind CSS, Cloudinary, Socket.io, JWT Authentication

**GitHub:** <https://github.com/DHRUV-SHERE/ConnectVista>

### AryaPath | December 2025 – Present

- Tourism platform helping international travelers explore India with destination insights, guide management, and AI recommendations. Includes multilingual support and structured trip planning system.

**Tech Stack:** MERN Stack, Tailwind CSS, Cloudinary, Socket.io, JWT Authentication

**GitHub:** <https://github.com/DHRUV-SHERE/Aryapath>

### PromptStudio | December 2025 – Present

- AI-driven prompt generator optimizing prompts for image generation, coding, and content creation. Provides customizable options and instantly delivers ready-to-use, powerful prompts.

**Tech Stack:** MERN Stack, Tailwind CSS, JWT Authentication, Framer motion

**GitHub:** <https://github.com/DHRUV-SHERE/PromptStudio>

## Educational Background

### Bachelor of Technology in Information Technology

U.V. Patel College of Engineering - Ganpat University, Mehsana  
2023-2026 (Expected) 7.88/10 CGPA

### Diploma in Information Technology

Government Polytechnic College, Ahmedabad  
2020-2023 8.19/10 CGPA

### Class X - GSEB

New Noble School, Ahmedabad  
2019-2020 78.33 %

## Technical Skills

- Frontend:** React JS, Tailwind CSS, HTML, CSS
- Backend:** Node JS, Express JS, Socket.IO, REST APIs, JWT Authentication, Mongoose
- Database:** MongoDB, MySQL
- Development Tools:** Git, GitHub, Postman, Vercel, Cloudinary, Render
- Programming:** JavaScript, Java, Python, PHP
- Concepts:** OOP, DSA, Software Engineering, DBMS

## Soft Skills

- Problem Solving
- Team Collaboration
- Communication
- Time Management

## Languages

- English (Fluent)
- Hindi (Fluent)

## Achievements

- SIH-2024:** Led a 6-member team in the internal SIH 2024 round, shortlisted among college teams in the Agriculture domain. Developed a farmer support platform prototype that later evolved into the AgroSense project.
